*This email is being distributed to all ORD Supervisors, Public Access POCs, and SDMs:*

Colleagues – I know we have not distributed the “Thursday” Reports in a while, all the numbers have been improving and great progress has been made. Below is a brief description of each of these specific reports:

- The “Published JA Report” provides the list of all FY18 *PUBLISHED* Journal Articles missing a ScienceHub entry. This is the report that is provided to the POC’s that need to be addressed immediately.
- The “Cleared JA Report” is a one sheet report that lists all *CLEARED* Journal Articles missing a ScienceHub entry. We need to make sure these dataset entries are made prior to article publication.

Thank you and keep up the good work!

Please continue to let us know if you find any discrepancies ([Montilla.Alex@epa.gov](mailto:Montilla.Alex@epa.gov)).

Thank you.
